

# ALX Foundations: Milestone 15 Worksheet

## SECTION A: Website

### Step 1: Website URL

Please share your website URL. Please triple check that there are no typos, and that the link works!

#### Step 1: URL

[Home | Austin Agaba \(agabatech254.wixsite.com\)](https://agabatech254.wixsite.com)

### Step 2: Changes

Please list at least 3 updates/changes that you have made to your website since last week (not including adding your elevator pitch.)

#### Step 2: Changes

1. I have added a contact section where anyone can reach me by sending me an email and making an open communication.
2. I have polished on the fonts and my background color. Now it looks very professional.
3. I have also updated my services section and my skill section, updating my top skills in my career

## SECTION B: Presenting Your Website

### Step 3: Feedback from Your Peers

Share your website with your peers! Take notes on what they like about your website, and what can be better.

#### Step 3: Feedback from Your Peers

**A. What are the top 4 things your peers like about your website?**

1. My tagline is good and very concise. Very presentable as it portrays the message clearly
2. They love my skill part section one of them says its marvelous and actually copied my idea.
3. The design has been done perfectly well everything is clear and on point.
4. All buttons and link navigation work very well

**B. List 4 things that your peers are suggesting that can make your website better.**

1. My website load time is quite slow, I need to work on that.
2. Some images are loading slowly and others keep on having a glitch
3. Putting in my real life photos and images to make it more realistic and professional.
4. The website is not complete other elements are not inserted the contact area for instance.

Please go back to Canvas and continue with your learning content.  
You will be prompted on when to return to complete Section C.

## SECTION C: Skills Map

### Step 4: Skills Map

Please share the URL of your updated skills map here. IMPORTANT: Please make sure the URL works and is visible to anyone with the link.

#### Step 4: Skills Map URL
